

podmienka

```
graph LR; A[podmienka] --> B(vysledok 1); A --> C(vysledok 2);
```

A diagram illustrating a conditional flow. A gray rectangular box labeled "podmienka" (condition) is on the left. Two arrows originate from its right side: one points diagonally up and to the right to a light green oval labeled "vysledok 1" (result 1), and the other points diagonally down and to the right to a light red oval labeled "vysledok 2" (result 2). In the bottom left corner, there is a large blue rectangle with a folded top-right corner, containing the text "Note..".

vysledok 1
